

Sequencing: Advanced

Sunday March 15, 2026 - Tuesday March 17, 2026

Location: Pre-Convocation 2026 at The Broadmoor

Course Director: Charles A. Beck, DO, FAAO

Register online at www.academyofosteopathy.org

Course Description

Building on the basic principles and how they apply to the body covered in the introductory sequencing course, the advanced course will empower the student to diagnose more with confidence. We will cover how to sequence a patient in a hospital bed (which also covers nursing home and acute rehab patients). We will go deeper into assessing the upper and lower extremities and address how to sequence hand and foot dysfunction for treatment. We will diver farther into the axial skeleton and its diagnostic complexities. We will also cover how to identify the emotional layer of the body and how and when (and when not to) incorporate emotional treatment. How visceral diagnosis fits into sequencing will be explored. We will also explore how the cranium and its various disposes fit into the sequencing paradigm. This course is the next step toward mastery of the sequencing paradigm.

Course Objectives

- The attendee will learn to identify the key lesion in a hospitalized patient.
- The attendee will learn how to identify and treat shock in the body.
- The attendee will learn to identify advanced diagnostics within the sequencing paradigm including the upper and lower extremities, the rib cage, cranium and axial spine.

Continuing Medical Education

24 credits of AOA Category 1-A CME are anticipated.

Course Location

The Broadmoor
1 Lake Avenue,
Colorado Springs, CO 80906

Course Dates & Times

- Sunday, March 15, 2026: 8am-6:15pm
- Monday, March 16, 2026: 8am-6:15pm
- Tuesday, March 17, 2026: 8am-4pm

Meal Information

Coffee/tea provided. Lunch not provided; a 90-minute lunch break will be scheduled.

Course Faculty

Charlie Beck, DO, FAAO graduated from the Pikeville College School of Osteopathic Medicine (now the University of Pikeville) in 2004. He was one of Pikeville's first undergraduate fellows, staying an extra year in medical school to study osteopathic manipulation more in depth. Taught by Edward G. Stiles, DO, FAAODist, Charlie was given an excellent foundation for learning manipulative medicine. He was the first resident in Neuromusculoskeletal Medicine

in the history of his hospital and his state (Westview Hospital in Indianapolis, Indiana).

Charlie has taken numerous classes across the US and Canada and is skilled in multiple techniques and modalities. He has taught courses and given presentations here in the U.S. - for the American Academy of Osteopathy, the Osteopathic Cranial Academy, the Indiana Academy of Osteopathy, and numerous medical schools. He has also taught in Canada, Japan, Eastern and Western Europe as well as in Australia and New Zealand, where he works yearly as a locum osteopath. He is the president of the Indiana Academy of Osteopathy and a member and lecturer of the ALF InterFACE Academy. He is a published author and researcher. As his learning deepens by working with others he is always searching for the commonalities between different practitioners and healing styles. This has allowed him to bring together osteopathy with dentistry and vision to give a unique perspective on your illness/injury. He continues to strive to integrate this learning into principles that are easily taught to others. His primary practice is in Lebanon, IN.

Registration Fees

	On or before January 15, 2026		January 16–February 26, 2026		February 27–March 7, 2026	
	With Convo	Without	With Convo	Without	With Convo	Without
Healthcare practitioner AAO member*	\$872	\$969	\$962	\$1069	\$1052	\$1169
Resident or intern AAO member	\$692	\$769	\$782	\$869	\$872	\$969
Student member (SAAO)	\$512	\$569	\$602	\$669	\$692	\$769
Healthcare practitioner nonmember	\$1322	\$1469	\$1412	\$1569	\$1502	\$1669
Resident or intern nonmember	\$1142	\$1269	\$1232	\$1369	\$1322	\$1469

* The AAO's associate members, international affiliates, and supporter members are entitled to register at the same fees as full members.
