

Acknowledgment

People who substantially contributed to either the study or the preparation of the manuscript but did not contribute to writing the manuscript may be noted in an Acknowledgment section at the end.

Authors are required to obtain permission to name in print all individuals listed in the Acknowledgments section. Failure to submit permission to name individuals acknowledged in print may delay publication.

Author's name:
Title of manuscript:

The undersigned confirm that their contributions to the study or preparation of the manuscript do not warrant authorship. The names below will be published with the manuscript in The AAO Journal if accepted.
