

JOIN OUR TEAM

ASSISTANT/ASSOCIATE PROFESSOR OF OSTEOPATHIC PRINCIPLES AND PRACTICES

ABOUT THE ROLE

- Teach OPP across all four years of the osteopathic curriculum
- Deliver instructions through lectures, hands-on training, simulation, and OSCEs
- Provide clinical care at our affiliated faculty practice
- Participate in curriculum development, research, and scholarly activity
- Contribute to GME programs with osteopathic recognition goals

WHAT WE'RE LOOKING FOR

- DO degree from an accredited COM
- Residency training in OMM or Family Medicine with OMM skills
- Board eligible or board certified
- Eligible for or currently licensed to practice medicine in Texas
- Teaching experience in medical education preferred

WHY SHSU-COM

SHSU College of Osteopathic Medicine is proud to have earned 10-year accreditation with exceptional outcomes, and as part of a respected state university system, we provide the lasting stability and resources of a well-established public institution.

Nestled among the pine trees in Conroe, Texas, SHSU-COM offers the perfect balance of peaceful natural beauty and easy access to the shopping, dining, and entertainment of nearby The Woodlands and Houston. Outdoor enthusiasts will also love the proximity to lakes, rivers, hiking trails and state parks.

BENEFITS AND PERKS

- Generous retirement plans and healthcare coverage
- Educational assistance for employees and dependents
- Work-life balance initiatives and professional development support
